

# *My neighbourhood*

## *Describe the area where you live:*

How does it look? Include descriptions of streets, landscapes, buildings, views.

How does it sound? How does it smell? Do sounds and smells change during a twenty-four-hour period? If so, how? How does it change from season to season?

## *Describe the building where you live:*

What is it like? Is it part of a bigger block / an area of similar buildings?

Include a description of its height, the number of flats, how many families live on each floor. Is there a common place for neighbours to meet?

What is there around it? What can you see from your windows?

## *Describe your neighbourhood:*

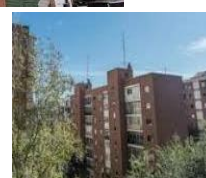

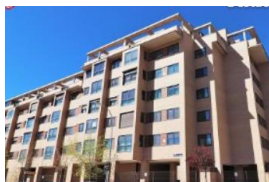

How long have you lived in that building? How did you get to know some neighbours?

Do your neighbours do anything together as a community (such as having a block party, getting involved on environmental projects, working together with the local council, organize something for the holiday period, etc)?

Do you remember any particular action in which a few neighbours took part together (the rescue of a pet, the celebration of a good / bad event, etc)

Explain:

Who are your closest neighbours? Include information about age, looks, children, hobbies, pets, ethnic backgrounds, etc. what is your relationship with your neighbours? How does it vary from neighbour to neighbours? Why?

## *Compare it to other areas around:*

Do you think yours is a good place to live? What are the positive and negative points about it? Think of another area in your town / city where you would prefer to live. Why is it a better place?
